We celebrated the groundbreaking ceremony for the Home Project, led by the Home Builders Association (HBA) of Wayne and Holmes Counties in partnership with CAMO. A heartfelt thank you to the HBA for their dedication in coordinating the construction. Together, we can make a difference by supporting CAMO's mission.

Kathy Tschiegg's nursing school classmates joined us in the warehouse to sort through our many boxes of medical supplies. Their joy and enthusiasm was contagious! If you and your friends/classmates are looking for a fun service opportunity, please call our office: 330-683-5956. We would love to get you involved!

JOIN US FOR A GREAT CAUSE

The month of May is dedicated to the fight against hunger and malnutrition. Please join our international nutritionist counterparts, Deb and Joe Marino, in this virtual campaign to support CAMO's nutrition program by making a donation here:

Love to golf and have a heart for mission? Join us June 8, 2024 at The Pines Golf Club, Orrville for a day of friendly competition and fun! Register here: www.camo.org/golf2024

With the support of CAMO in partnership with the FAKS Foundation, Katherine and her mother traveled over 300 miles to receive assistance from our Prosthetics and Orthotics Program. We provided her with an ankle foot orthotic that will allow her to walk with greater ease, giving her a new perspective of freedom and mobility!

so many.

BEATING THE ODDS: WILL'S STORY

Although he is unable to verbally communicate the challenges he faced and the daily struggle he encounters, his smile and cheerful gaze are his testimony of miracles and perseverance.

José Will, affectionately known as “Willito,” lives with his mother, Norma, in a small home with no running water or electricity. Growing up, Will enjoyed going to church, helping with household chores, selling fruits and picking coffee; however, their lives changed forever on March 24, 2021 when Will fell from a second story building, fracturing his skull.

The accident left him bedridden and on a ventilator for months. His parents began to think their 13-year-old son would never recover. Ten months after Will's first surgery, he was in needed a second procedure; however, due to the family's limited financial resources, Norma decided to contact CAMO's neurosurgery program. Dr. Alvarez successfully performed the second surgery and with the help of physical therapy, Will began to regain mobility!

Although the accident affected his mobility and speech, Will shows unbreakable strength and admirable determination. He dreams of becoming a car washer in the future.

Now 16, Will and his family receive assistance through CAMO's Nutrition Program, which provides monthly buckets of food. He continues to work hard daily, learning to read, developing his artistic and academic skills, and facing every obstacle with courage. His story is a touching testimony of resilience and is why CAMO works daily to bring hope and healing to people like Will.
